Goods. Don't miss this.

Grove's Tasteless Chill Tonic

has stood the test 25 years. Average Annual Sales over One and a Half Million
bottles. Does this record of merit appeal to you? No Cure, No Pay. 50c.
Enclosed with every bottle is a Ten Cent package of Grove's Black Root Liver Pills.

JACKSON Cash-Book: "They
come every seventeen years, and
now our entomologists (bugol-
ogists) tell us they are due here
this year. We mean the seventeen-
year locusts. Only the advance
army, however, will come this
time. Next year the army in full
force will be upon us. They will
come in May or June—not with
healing on their wings, however,
but with the letter 'W' plainly
printed thereon. The letter 'W',
which means that when these
seventeen-year locusts make their
appearance there is to be a great
war break out somewhere. In all
probability their coming this time
means that the war now going on
between Russia and Japan is
either this year or next to develop
into a general war in which our
own country will also be involved.
While this serious prospect con-
fronts us it is fortunate that we
have a Rough Rider for our chief
who is ready like a very Napoleon
to place himself at the head of our
armies and lead us on to glory.
Great man that he is, as if scent-
ing the battle from afar, he is even
now inuring himself to hardship
by hunting prairie wolves and
mule rabbits out in Oklahoma in a
special car furnished by the rail-
road trust against which he thun-
dered in his message to Congress
a few weeks ago. When these lo-
custs come they immediately get
busy depositing their eggs in the
twigs and branches of forest and
fruit trees, and in doing so dam-
age them considerably. Later on
the eggs hatch out and the embryo
locusts drop to the ground and
bore their way into the earth many
feet down and there remain seven-
teen years, when the young locust,
incased in its soft covering, makes
its way to the surface of the earth,
and having reached the sunlight
breaks from its seventeen-year
prison cell, its wings quickly hard-
en, and we have the full-grown,
perfect locust, sweet singer of the
forest and orchard with its por-
tentous letter 'W' printed on each
of its wings. The male locust is
said to be the songster. The
female is silent. Life for her is all
business. She it is that lays and
splits the young limbs and puts her
eggs in them. The ancient Greeks,
it is said, envied the male locust
on account of his mate being mute,
silent, songless. We would rather
pity the female, not because she
can't sing, but because her old
man thinks he can."

Watch for It.

It will pay you to watch for the
very first symptom of indigestion
or liver trouble and to prevent the
trouble from gaining headway, by
quickly taking Dr. Caldwell's (laxa-
tive) Syrup Pepsin. Nothing is
more weakening to the system
than chronic dyspepsia, and all its
complications. Nothing will cure
it so quickly, pleasantly and sure-
ly as Syrup Pepsin. Sold by Ar-
cadia Valley Drug Co., at 50c and
\$1.00. Money back if it fails.

Belleview Items.

Owing to the extremely wet
weather farmers are very much be-
hindhand with their work. Mead-
ows and wheat have improved
very remarkably within the past
two weeks.

I find, after pretty close observa-
tion, the yield of fruit in this lo-
cality will be comparatively small.
Mrs. Craft, Flat River, spent last
week with her parents near town.
Frank Adams, Goodland, visited
his brother, Dr. J. Q. Adams, in
town last week.

Walter Harral, St. Louis, visited
his parents a few days recently.
Miss Sadie Carty has returned
from Texas, where she spent
several weeks visiting her brother.
Mrs. J. T. Patterson and chil-
dren, Otto, Raney and Lola, visited
Mrs. Price Sunday.

Rev. H. J. LaTour filled his
regular appointment at the Second
Baptist church Saturday and Sun-
day.
Dr. J. Q. Adams attended the
Southeast Missouri Medical As-
sociation at Charleston a week or
so ago. The doctor says the peo-
ple of that locality are very pros-
perous, financially and otherwise.
On the 13th inst. the writer made
a trip to Montana, and while there
stopped over night with J. H. Bar-
ger. There have been many
changes in that locality since the
writer boarded there six years ago.
The post-office, which had for
years been kept by James Barger,
has been discontinued, and the
people now get their mail at Bel-
grade and Brule. The old school
house, which stood near the public
road, has been removed, and an-
other up-to-date house, neatly
painted, stands on an elevated site
four hundred yards north of the
old site.

Cleaned Out.

When a deep cellar becomes
filled with heavy, poisonous air, it
is never safe to go into it until it
has been cleaned out. When your
body has been poisoned with the
food residues of undigested food,
it is just as necessary to clean it
out. To do this pleasantly and
safely take Dr. Caldwell's (laxa-
tive) Syrup Pepsin. It is a pure,
scientific preparation which has
no equal in the cure of constipa-
tion, headache, biliousness and
stomach trouble. Sold by Ar-
cadia Valley Drug Co., at 50c and
\$1.00. Money back if it fails.

From F. P. Hilburn.

CLIO, ARK., May 14, 1905.
Ed. Register:—I notice on the
patent inside of the REGISTER,
under the heading of "The Dis-
ciples of Socialism," a very mis-
leading statement. It is in fact an
old misrepresentation of Socialism.
No; Socialists don't want to
divide the wealth of the world
among its inhabitants. In fact
they are seriously opposed to
"dividing up." When I buy coal
oil I find I have to "divide up" with
Rockefeller. When I buy meat, I
have to "divide up" with the beef
trust. When I buy a farm imple-
ment, I have to "divide up" with
the farm implement trust; and
even when I die my family will
have to "divide up" with the coffin
trust, and so on *ad infinitum*. Now,
Socialists are opposed to this
dividing up business from start to
finish. So much so that when
"bleeding Kansas" set out to fight
the Standard Oil octopus, her
governor felt inclined to apologize
to the Socialists for adopting, in a
measure, the policies of Socialism.
And Mr. Bryan is accused by the
"conservatives" of being a Social-
ist; but Mr. Bryan says he isn't,
although he believes in public
ownership of the railroads and
telegraph. Mayor Dunn, of Chi-
cago, is also accused of being a
Socialist. Listen to what the New
York Sun says of him: "Both the
Republican and Democratic parties

have become Socialists. What
sort of a figure does the Hon. John
Collins, with his little only origi-
nal Socialist ticket, cut? He ought
to step down and out before the
election to-morrow." Both Dunn
and Harlan would, of course, deny
any sympathy with Socialism, as
the governor of Kansas did in his
message to the legislature recom-
mending a State oil refinery. The
name is about all these gentlemen
object to, and as far as we are con-
cerned, a rose would be just as
sweet under any other name.

F. P. HILBURN.

We are very glad to welcome
the second week of May with sun-
shine instead of rain.

The crops are doing nicely.
Bro. LaTour held his regular
appointment at the Second Baptist
church Sunday and Sunday night,
and delivered excellent sermons.

Miss Lizzie Russell is visiting
relatives in Bismarck.
Elsie Johnston and mother are
visiting relatives in Farmington.
I have been informed that the
Presbyterian preacher, Rev. Cobb,
will begin a protracted meeting at
this place Saturday night. We
hope he will do a great work. Bro.
Cobb has been our pastor for
nearly a year, and we all think
that it would be an impossibility
to give up such a great and noble
worker.

Mr. and Mrs. Wilson, of Cale-
donia, are visiting Mrs. W.'s sis-
ter, Mrs. Roop.

Mrs. Harvey Bell was in Ironton
Monday.
Leon Logan and Willard Siegel
were in Middlebrook Tuesday last.

Bro. Saffold is holding a pro-
tracted meeting at Cedar Grove.

Miss Delia Johnston spent Sun-
day with Miss Lola Horn.

BROWNIE.

To Cure a Cut, Sore or Wound

Apply Ramon's Nerve & Bone Oil promptly. It is
a sure cure for all cuts, sores, burns, scalds,
first intention, and money back if not satisfied.

Arcadia Valley Drug Co.

From Goodwater.

But little corn was planted in
this locality before the 20th of
April, as the soil in the fields was
too cold to germinate seed readily
sooner. Now most farmers here-
abouts are done planting—some
are replanting.

As stated in my previous letters,
less wheat was sown here last fall
than during any autumn for over
25 years. What was sown, how-
ever, is in a good thrifty condition
now and promises a satisfactory
yield. Oats, also, are looking well.

First-class mules are scarce and
high in this section. Mr. Jasper
Anderson recently sold a span of
mules for \$300; Alex. Abney sold
another span, nearly as good, for
\$270.

It is rumored that Messrs. R. C.
and W. D. Crocker intend to begin
merchandising here ere long.

On the evening of the 28th ult., a
hard rain, accompanied by much
wind and hail, fell here. Consider-
able damage was done to
vegetable gardens, and Marion
Mayberry's barn was blown down.

Ground-soaking rains fell here
on the 5th and 6th inst.

Messrs. A. H. Bay, of near
Greely, Ira McLain, of near
Blount, and Geo. F. Mason, of
near Courtis, were here on busi-
ness recently.

Miss Eliza Merritt has returned
from near Goodland, where she
stayed for some time.

Webb's Mill is sawing constantly
and considerable lumber is stacked
there now.

The following named persons
visited relatives and friends in this
vicinity recently: Messrs. Geo. F.
Mason, of near Courtis; Ira Mc-
Lain, of near Blount; Jas. Abney,
of near Courtis; and Mr. and Mrs.
Henry McKee, of Desloge.

Among those of our neighbors
who visited relatives and friends
are the following: Messrs. J. M.
Lucas, near Quaker; Alex. Abney
and family, near Davisville; Floyd
Payne, at Desloge; and Miss Ollie
Henderson, at Burgundy.

Messrs. Wm. and Otis Carl went
to Belgrade on business recently.

R. E.

Growing Aches and Pains.

Mrs. Josie Sumner, Bremond,
Texas, writes, April 15, 1902: "I
have used Ballard's Snow Lin-
iment in my family for three years.
I would not be without it in the
house. I have used it on my little
girl for growing pains and aches in
her knees. I cured her right
away. I have also used it for frost
bitten feet, with good success. It
is the best liniment I ever used."
25c, 50c, \$1.00, at Arcadia Valley
Drug Co.

Des Arc Items.

Sherman Ballard, section fore-
man, had the misfortune last
Saturday to let a 700 pound rail
fall on his leg, breaking it below
his knee. He is doing very well.
Dr. Farr set the limb. His mother
and brothers came up to see him
Sunday, and the Lodge will send
a man to wait on him.

Dr. Toney was here Saturday to
see Chas. Hickman, who is on the
mend.

Some of the Holiness people
went to Piedmont Sunday to take
part in a Holiness revival going
on there. The will wake up the
town. They worship something
like the Salvation Army; they get
right down to business.

Dr. Farr returned from Oran,
where he had been to visit his son,
Fred.

Business is getting very dull on
the railroad; thirty brakemen are
on the extra list, and more to fol-
low.

The box supper that was given
by the Woodmen at their hall,
Friday night, was a grand success.
They sold all their boxes at a good
price—none less than forty-five
cents. John Stevenson was voted
for as the ugliest man, and Miss
Lizzie Black the prettiest girl.
Everything went off nicely. They
had the best music I have ever
heard in Des Arc. The Smith
brothers played on the violin and
harp, holding the harp with a
frame around the head. One
played on the harp and banjo, the
other on the harp and violin and
guitar. It was certainly fine.

They were assisted by C. Steven-
son and J. Street, making six
pieces. Any one wanting music
for a picnic or dance would do
well to call on the Smith Bros.

Mac Long was married Sunday
to Widow Golden, daughter of
Jas. Hickman, near Des Arc.

Mrs. Mattie Walton, nee Maddox,
of St. Louis, is visiting her mother.

Ed. and Joe Hickman have re-
turned to work at Bismarck and
St. Louis.

Bud Stevenson is home from
Williamsville.

Mrs. John Stevenson spent
several days at Piedmont last
week.

Frank Wray moved his family
to Ironton. He will work for the
O'Neal Bros.

A. Clark, of Fairfield, Ill., is
visiting his brother, James, of this
place. They had not seen each
other for twenty years.

Henry Ward shipped a fine car
of cattle Monday.

ISAAC.

Dairy men say Creamo is a su-
perior feed for milk cows. Iron-
ton M'fg. Co., agents.

Ironton, - - - Missouri.

Glover Items.

The weather is fine and the
farmers are busy cropping.
Tom Polk and his sister, Annie,
visited the Misses Scoggins Sun-
day.

Ellsworth Miller, of Hogan, was
seen on our streets Sunday.

Misses Laura and Marie Smith
called on Miss Mamie Sutton Sun-
day.

Mrs. J. H. Sutton went to Iron-
ton Monday.

Miss Gussie Gilman called on
Miss Cura Scoggins Sunday.

AUNT SALLIE.

Chamberlain's Cough Remedy Be-
fits a City Councilman at
Kingston, Jamaica.

Mr. W. O'Reilly Fogarty, who is
a member of the city council at
Kingston, Jamaica, West Indies,
writes as follows: "One bottle of
Chamberlain's Cough Remedy had
good effect on a cough that was
giving me trouble and I think I
should have been more quickly re-
lieved had I continued the remedy.
That it was beneficial and quick in
relieving me there is no doubt and
it is my intention to obtain an-
other bottle." For sale by Ar-
cadia Valley Drug Co.

The Game Law.

Once more, that all may have
notice, a synopsis of the new
game and fish law is published
herewith: The law vests the title
to all wild birds, fish and animals
in the State, whether native or
brought in; protects all wild birds
other than game birds at all times,
with the exception of the English
sparrow, crow, great horned owl,
Cooper's hawk, goshawk and
sharp-shinned hawk; prohibiting
the sale of game birds or animals
at all times and under all con-
ditions, making it unlawful to sell
ducks, quail, grouse, squirrel, ven-
ison, or any other game in any
restaurant, hotel, shop, or other
place, whether such game is killed
in this State or any other State,
or lawfully or unlawfully killed or
had in possession; prohibits the
sale or possession for sale of any
wild native bird or plume thereof
for millinery or other purposes
(except the six excepted species);
prohibits the sale of game fish
under the following sizes: trout
and crappie 8 inches, pike, jack
salmon and bass 11 inches; creates
a game protective fund; creates
the office of State game and fish
warden at a salary of \$2000 per
annum, with power to appoint
deputies to be paid the same fees
as constables in case of conviction
and a salary of \$3 per day while
under direct orders of the warden;
places a license on resident hun-
ters of \$1 per year for the entire
State—nothing in the resident's

county; places a license on non-
resident hunters of \$15 per year,
prohibits all shipments of game,
except when accompanied by a
hunter with a license; limits the
game bag to one deer two turkeys
and twenty-five birds of any
species in one day, or double these
figures to have in possession; gives
the warden and deputies the right
of search and seizure, the right to
make arrests and serve processes;
prohibits the hunting of water
birds at night or from power boats;
prohibits trapping of any birds or
game; makes the receiver of
shipped game equally guilty with
the sender; makes an attempt to
violate the law the same as an
actual violation; prohibits (except
in Missouri and Mississippi rivers)
all seines nets and devices for
catching fish; prohibits poisons,
oils and sawdust from being placed
in streams; makes all marshals,
sheriffs, constables, and peace
officers and deputies deputy game
wardens and fixes a penalty for
their refusal to act under the law.
Resident hunters' licenses are ob-
tained from the county clerks and
non-resident hunters' licenses from
the State game and fish warden.
The warden may issue permits to
scientific persons to collect birds'
eggs and nests, and the having in
possession of the eggs of birds
without a permit is unlawful. The
law goes into effect June 17, 1905.
Dates when game may be legally
killed are as follows: Wild turkey,
quail deer, November 1 to Decem-
ber 31; prairie chicken, November
15 to December 15; ducks, geese
and snipe, September 15 to April
30; plover, woodcock and doves,
August 1 to December 31; squir-
rels, July 1 to December 31.

A Positive Necessity.

Having to lay upon my bed for
14 days from a severely bruised
leg, I only found relief when I used
a bottle of Ballard's Snow Lin-
iment. I can cheerfully recom-
mend it as the best medicine for
bruises ever sent to the afflicted.
It has now become a positive
necessity upon myself. D. R.
Byrnes, merchant,
